**EDU-SOCIO INITIATIVES FOR LOCATIONAL DISADVANTAGE**

Bavdhan Budruk, is a small village just on the outskirts of Pune. Though it is now considered a part of Pune City with its high rise buildings, townships etc., and this development is being limited to the people with financial status. The locals are still deprived of good facilities and jobs, with many leading a hand to mouth existence, This scenario led Suryadatta Group Of Institutes, to start various edu -socio activities which have been started by Suryadatta Institutes.

Learning is an ongoing process, which has nothing to do with age. Whether you are four or you are forty, you are always keen to learn something new. Drawing inspiration from this, Suryadatta had launched English speaking & Computer awareness programs offered voluntarily to Auto Rickshaw Drivers & Housewives free of cost.

In the 21st century, knowledge of English and to be able to converse in English is a necessity rather than the need of time. The response to the programme was tremendous from both rickshaw-drivers and housewives.

Rickshaw drivers always aspire to learn these skills but most of the times cannot make it either due to financial or time constraints, or even both. But by offering these courses free of charge, Suryadatta has not only provided a helping hand to them but also awakened their learning spirit.

With globalization everything is becoming high tech” English speaking and Computer learning is the need of the hour. And hence Suryadatta started this initiative of offering this training to various communities of society in a row. Suryadatta is getting overwhelming response to it.

Women are the backbone of family system yet their education remains neglected most of the time. Now days English has become common language for communication. Suryadatta Group of Institutes has always been ahead in undertaking such social initiatives. This initiative by an education institute will help our society go ahead and keep pace with time.

As the Bavdhan is facing the problem of water scarcity so students of SGI initiated the move for creating the awareness about the saving of water and methods of water harvesting. All the students were actively participated in the rally with placards and pictures to spread the message. People of Bavdhan also shown the keen interest in the information they were getting from the students.

This could be a great move of the SGI to fetch the attention towards most important problem of vicinity of the area where the campus of SGI is located and making people to take initiative to save the water as every drop of water is as important as a life. Suryadatta Group of Institutes, Pune, heartily acknowledged the support of the people of Bavdhan for the same.

Every year Suryadatta Group of Institutes conducts Health Awareness program in their all group institutes as a part of Edu -Socio Initiative. Unhealthy life style is a common problem of society. Suryadatta Group of Institutes is keen on undertaking various social and human initiatives for the betterment of the society and life in general. Suryadatta in consultation with renowned hospitals and specialist doctors organizes a free health check up camps, Eye check up camp, Diabetes Awareness camp & Bone density measurement camps time to time.

Unemployment is major social issue. To deal with this issue Suryadatta Institute organizes Job Fair to create employment opportunities for local Job aspirants.

Title of the program	<b>Computer awareness programme for Auto Rickshaw Drivers</b>
Duration	06/08/2014
Number of Participants	92

## REPORT

Suryadatta group of institute organized the elementary computer awareness programme for Rickshaw Drivers. In which they learnt about 'Introduction to computers', 'basic usages of computers'.

Most of them were not used to new technology like computers and they were thinking that using a computer is too hard. All the participants were highly enthusiastic to learn about the use of computers. At the end of the session some of the participants expressed their view as the knowledge learnt during the class made their life easy as they are now able to perform many day today activities without difficulty with the help of computers.

Title of the program	<b>Spoken English session for housewives in Bavdhan</b>
